Professional manufacturer of C& I ESS. High-safety liquid-cooled cabinets: 100kWh, 215kWh, 261kWh, 418kWh, & 522kWh. Factory price for battery packs & cabinets. Inquiry now!

The system offers flexible configuration, compatibility with most EV brands, and is suitable for various industrial and commercial applications such as microgrids and solar storage.

This solution is designed to meet the development needs of renewable energy and new energy vehicles, that is, photovoltaic + energy storage + EV charging ...

To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission ...

The Symtech Solar Battery Energy Storage Cabinet (MEG 100kW x 215kWh) is a fully integrated, PV-ready hybrid energy storage solution designed for both on-grid and off-grid applications.

Integrates the battery system, Battery Management System (BMS), Energy Management System (EMS), modular inverter (PCS), and fire protection system into a single unit. Highly Integrated: Fast ...

This HV Battery Storage for Solar is available in a variety of capacities ranging from 512V - 819V and can be used in conjunction with a high voltage 3-phase inverter for energy management, power ...

The intelligent air cooling system in the HighJoule 100KWh Outdoor Cabinet Series ensures optimal thermal management, maintaining battery efficiency and longevity. It adapts to varying environmental ...

Built with standard 5.12kWh battery modules, the system supports 4-14 modules in series for flexible voltage and capacity configuration. With up to 8 clusters in ...
