Inomax solar pump inverter auto MPPT value more than 99% and it is automatic running no need set any parameters. It can automatically stop the pump when ...

The new INGECON SUN 160TL photovoltaic inverter provides up to 160 kW (if connected to a 690 Vac network) in a single 75kg/165lbs unit, reaching maximum efficiency values of up to 99.1% with ...

With its impressive 160KW power rating and 380V input voltage, the Solatek Solar Pump Inverter ensures consistent water pumping for agricultural, industrial, and ...

The solar pump inverter, also called solar variable frequency drive, converts the direct current of solar panel into alternating current, thereby driving various AC motor water pumps ...

The three phase inverter with IP 20 protection, processes good performance including overheating protection, overload protection, and overcurrent ...

We can be reached on weekdays between 08:30 and 17:00. Feel free to contact one of our specialists via Support.

3.2-160KW Three Phase Off Grid Solar Power Inverter Send Inquiry Category: Solar Inverters & PCS Description

The SI23 solar pump inverter has a simple and elegant appearance, and the book-type structure design saves installation space. Smart IOT brings smart irrigation.

[XRISE] Solar pump inverter is designed for solar pump systems, converting solar energy into electricity, driving the pump operation, and achieving efficient and ...

Discover 160kw solar inverters with pure sine wave output, MPPT efficiency up to 99%, and CE certification.

160kW solar inverter

Ideal for home and commercial solar systems.
