High-efficiency HY-DH144N8-575 bifacial solar panel with 575W output, half-cell design, and N-type technology for commercial and utility-scale systems. Price: ...

Specifications included in this datasheet are subject to change without notice.

Built to withstand extreme weather conditions, this panel features a rugged aluminum frame, wind load resistance up to 2400Pa, and snow load capacity up ...

Detailed profile including pictures, certification details and manufacturer PDF.

Electrical Characteristics at Standard Test Conditions(STC) Module Type VSUN575N-144BMH VSUN570N-144BMH VSUN565N-144BMH VSUN560N-144BMH Maximum Power - Pmax (W) 575 ...

By the end of 2023, SEG has shipped over 5 GW of solar modules worldwide. The company is expected to exceed a production capacity of 5.5 GW by the end of 2024.

Greentech Renewables supplies Jinko Solar 575W 144 Half-Cell 1500V Silver Bifacial Solar Panel, JKM575N-72HL4-BDV.35MC and other pre-qualified solar ...

Subscribe to updates - we'll let you know when the product is back in stock. Normally, we update products every 2 weeks.

Based on Multi-busbar technology for better light trapping effect, lower series resistance and improved current collection. Mechanical performance up to 5400 ...

Monocrystalline cell technology ensures high power output from a smaller surface area. Frame: Anodized aluminum for enhanced strength and durability. Glass: ...
