The Intech Energy Container is a fully autonomous power system developed by Intech to provide electricity in off-grid locations. Each container is equipped with a photovoltaic array, a battery ...

Explore the benefits and technology behind containerized off-grid solar storage systems. Learn how these scalable, cost-efficient solutions provide ...

Flexible, Scalable Design and Efficient 80kVA 80kW Solar Power Plant. With Lithium-ion Battery Off Grid Solar System For A Factory, Hotel, or Village.

SolaraBox is built to solve project power needs. The system is modular and easily scalable: you can add multiple units to increase output, and it supports on-grid, off-grid, and hybrid configurations.

Our partnerships with top industry leaders such as EVE, BYD, Sofar, Deye, Solis, Sma, Srne, and Goodwe allow us to meet all kinds of solar requirements. Our team is committed to providing quick ...

Modular, solar-powered shipping-container systems for remote living and businesses. Complete off-grid power solutions built by licensed electricians at Danger Electric.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks ...
