Professional supplier of photovoltaic power stations, power storage cabinets, communication outdoor cabinets, battery cabinets, microgrid systems, and solar energy solutions.

Effectively solves the power supply, backup power, and optical network access requirements for base station communication equipment.

With extensive experience and innovative technology, this home battery ...

Raycap's cabinet solutions for LTE-/5G antenna locations offer the highest reliability to effectively support mobile network operations. The indoor and ...

From telecom base stations and outdoor sites to hybrid solar-powered systems, we provide scalable, energy-efficient, and highly integrated power system solutions, ensuring continuous ...

The Z CS Azzurro Smart Battery Cabinet is a modular and safe storage system with LFP batteries, designed to offer large energy capacity, easy installation, and maximum reliability.

The Photovoltaic Micro-Station Energy Cabinet is a hybrid power compact solution for remote energy and outdoor telecom sites.

Upgrade 5G base station power in outdoor, indoor, and shared cabinets with custom rectifier module solutions for efficient, scalable, and reliable performance.

Enable high-speed 5G networks with ICS small cell cabinets. Compact, durable, and optimized for urban & remote deployments.

With advanced BMS intelligence for precise State of Charge (SoC) and State of Health (SoH) tracking, these

80kWh Power Cabinet for 5G Microstations

battery cabinets simplify installation, ...
