Yeah beidou is good. Especially if you have constellations on her as that gives a shield and more electro bounces for more overloads.

Reply reply NyarlHOEtep o yanfei is very fun and overload yanfei is super affordable for early power. yanfei, beidou, electro traveller, and i guess chevreuse now Reply reply more replies ...

Ive really enjoyed this weapon paired with a hydro/electro kokomi team comp (also with superconduct cuz of Rosaria). Both characters sync so well together that I can see why they ran ...

Bennett, Tartaglia, Beidou and Kaeya have been my main party since the arrival of Tartaglia on his first run. Destroy everything, my dear Beidou DPS. She is worth it.

On Beidou I have bloodstained chivalry, pale flame and a physical damage bonus piece. The luck of the draw was with me for artifacts and their stats. My Beidou hits a minimum of 2,500 per ...

Beidou C1 means, that she will actually become un-interruptible for 15 sec (or until shield breaks)? Beidou C2 means what? How many targets are hit by discharge initially and thus.. is it ...

Greetings mains beidou group, I am new to this group since after unsuccessfully pulling for Furina I managed to get Beidou with his constellation 2, so in view that I called my attention to the character I ...

Now this is where Beidou comes in. In team (beid,suc,xing,dmc) Beidou's burst doesnt target the seed making it consistent for sucrose to be the one triggering it. However tradeoff is you'll ...

Hello Traveler! You know that our Queen is the best waifu. We welcome art, theorycrafting, and any Genshin-related discussions. You can also find us on Discord at: [discord.gg/beidoumains](https://discord.gg/beidoumains)

## Beidou improves wind power generation efficiency

Assuming this is for main dps beidou, Definitely level up fischl since she"s perfect for funneling beidou and has great sub dps capabilities. You could do an electrocharged team with ...
