High efficiency: The fast charging mobile power module uses quality materials to ensure long-term durability and stable performance. Compact size, high power consumption, and high ...

The EA-PSB Series bidirectional DC programmable power supply has an integrated, regenerative electronic load and therefor can sink (absorb) current and recover up to 96% of current, returning it to ...

Bring big backup power with you with these expert-recommended portable power stations, which can store enough power to charge electronics, ...

30000mAh/50000mAh Portable Power Bank - 22.5W Super Flash Charge, Bidirectional Fast Charge, Digital Display, Outdoor ...

Enjoy Free Shipping Worldwide! Limited Time Sale Easy Return.

This module offers four power indicators, accurate voltage and current metering, ...

Purmars features 600W of continuous power, wireless charging and multiple sockets for connecting a variety of appliances simultaneously. You can then easily power energy-hungry devices such as ...

Chroma 62000D has a bidirectional switch power supply design that offers two-quadrant operation with positive current/positive voltage as well as negative ...

By combining the two power stages into a single bidirectional power stage, this TIDA-00476 reference design proposes an optimized solution in terms of performance, cost, and size. The design utilizes a ...

An AC/DC bidirectional power supply module not only delivers energy but also recovers unused power, significantly improving the efficiency of modern ...
