Top five! Chint power has won the 365 global photovoltaic ranking list!

CHINT Residential Solar Power Solution utilizes idle rooftops and open spaces to create distributed PV systems, offering reliable, high-efficiency energy ...

Energy developer China Datang has started operations at the country's first demonstration base for integrated photovoltaic (PV) and concentrating solar power (CSP) ...

In 2025, Chint New Energy Technology (Haining) Co., Ltd. supplied 154 megawatts of photovoltaic modules for the Deren Solar Park in Brandenburg, Germany, a project with an annual power ...

We develop and realize solar parks and renewable energy solutions in Europe for a sustainable future. Discover our projects and solutions.

With over 11 GWp of PV projects installed worldwide, we have a proven track record in delivering high-performance solar power plants. "We've partnered with CHINT Green Energy Europe on several ...

At Chint PVSTAR, each component, from solar panels to battery storage systems, undergoes rigorous testing to meet stringent quality standards. This ensures products are capable of withstanding ...
