Designed for harsh environments and seamless integration, this IP54-rated solution features a 105KW bi-directional PCS, optional air- or liquid ...

Our design philosophy prioritizes maximum corrosion resistance using premium marine-grade materials (316L Stainless Steel or higher), achieves superior watertight integrity (IP67/IP68), ...

An Outdoor Photovoltaic Energy Cabinet is a fully integrated, weatherproof power solution combining solar generation, lithium battery storage, inverter, and EMS in a single cabinet.

The Base Station Energy Cabinet is a fully enclosed, weather-resistant telecom energy cabinet designed to provide reliable power distribution and battery backup for outdoor communication

This product is suitable for small and medium-sized commercial and industrial energy storage system scenarios, such as photovoltaic energy storage direct and flexible systems, ...

This energy storage cabinet supports both on-grid and off-grid configurations, with harmonic distortion $\leq 3\%$. It complies with international standards ...

BOSS Cabinets are rated to the NEMA 3-R Certification for indoor and outdoor installations. They include a corrosion-resistant fan that helps ...

AZE's All-in-One Energy Storage Cabinet & BESS Cabinets offer modular, scalable, and safe energy storage solutions. Featuring lithium-ion batteries, smart BMS, and thermal ...

Integrated BMS/PCS/EMS supports diverse applications. DC coupling, full ...

Corrosion-resistant photovoltaic integrated energy storage cabinet for bridges

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid ...
