US-based iron flow battery specialist ESS Tech, Inc. has announced the acquisition of the intellectual property and assets of VoltStorage GmbH, a German developer of iron-salt ...

Our flow battery is non-flammable, contains no critical raw materials, is extremely durable and is easily scalable. It is uncomplicated to operate and can be easily integrated into existing energy ...

The key drivers include increasing renewable capacity, declining electrolyte costs, and advancements in flow battery technology ...

Leaders from FBE and the private equity-backed FlexBase Group met in Laufenburg, Switzerland to mark the launch. The flow battery system, on a 20,000 m² site, will ...

Europe's largest vanadium redox flow battery at the Fraunhofer Institute for Chemical Technology (ICT) in Pfinztal, Germany, entered controlled test operation and successfully ...

Will this startup finally crack the code on flow battery tech? Germany's CMBlu just pulled in a 100-million-euro investment, is ramping ...

Explore Germany's leadership in the flow battery market, supported by renewable energy goals, government investments, and AI ...

A microgrid project combining solar PV, wind and a 10MWh flow battery in Germany has been completed by BayWa r.e., Ampt and ...

Successful start to test operation at Fraunhofer ICT: renewable energy stored in a large-scale battery is ...
