TE offers some of the smallest, lightest and most efficient AC contactors for harsh environment electrical power systems. Our HV relays are engineered to interrupt DC loads while providing high shock and ...

One of the key components that can help improve the safety and effectiveness of a solar inverter is the electromechanical switch known as a relay (or for higher current applications, a contactor).

These 1000A contactors are hermetically sealed, exceed IP67-69 specifications, and are designed to meet UL1604 for hazardous locations. The ...

Megavolt specializes in solar inverter repair services. We've been in business since 2001.

The HX Series of High Voltage Hermetically Sealed Contactors is particularly suited for inverter systems, battery packs, and combiner boxes in solar or wind power systems.

Main positive contactor and pre-charge contactor & resistor can be combined together replaced by a channel solid state switch whilst using PWM control for pre-charging the DC link capacitor.

Our ground-breaking Mini and Micro Contactors offer the same feature-driven benefits as the Standard range, with a smaller footprint to facilitate ...

What are gigavac 1500V HX series contactors? GIGAVAC 1500V HX Series Contactors are hermetically sealed high-voltage DC contactors that come in ceramic and epoxy variants, these are the world's ...

Browse our products and documents for TeSys Giga contactors - Contactors to control motors up to 800 A (450 kW / 400V) or switch lines up to 1100A.

Easy The external dimensions of the GAF contactors are the same as corresponding AF contactors making it easy to order and install. Existing add on accessories for A/AF range of three pole ...
