MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

This could power a tiny home or other small off-grid setup like a hunting cabin. For me though, I'll start with just keeping my electric tractors and ...

SolaraBox Mobile Solar Container brings green energy wherever you need it. The integrated solar system delivers 400-670 kWh of energy daily. Thanks to foldable solar arrays, the container is ...

BoxPower's flagship SolarContainer is a fully integrated microgrid-in-a-box that combines solar PV, battery storage, and intelligent inverters, with optional ...

With an existing tracking solar mount, we aimed to integrate their existing solar in the new off-grid system, which would be housed in a converted shipping container and also included a new...

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power system for off-grid or remote locations.

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our ...

Power your off-grid container projects with custom solar plans from NewGrid Power. Custom Solar Solutions for Every Container Need.
