The scope base mounts on the left hand side of the receiver, just above the stock, there's a dovetail cutout for the original FN49 mount. The one you've got pictured is an aftermarket S& K mount.

The scope features their new CM2 reticle which is optimized for long range shooting at 10x. At 1x it appears as a simple "T" reticle but at 10x the central dot enlarges to become a circle-dot ...

Hello All, I have a Savage 99c which was manufactured in 1969. I want to scope the rifle, as my old eyes aren't up to the iron sights. I had originally thought about mounting a marbles tang ...

New Primary Arms 4-16x44 FFP Scope SOLD!!!! Brand new, never used! Low cost Front focal plane scope w/ mil dot reticle! The best bang for your buck FFP out there. Reviews on this ...

The scope performed well in tracking and optical clarity. Its main shortfalls were its heavy weight, tight eyepiece, and small exit pupil at 6x in particular. Despite this, with a street price below ...

I put a DIP Scope Mount on all my 457s to keep it simple. I like the added height too. As far as rings go, pick your scope first, and then worry about the rings. The CZ is wicked accurate, so 4 ...

A foreword. I only bought this gas tube because I wanted to mount a red/green dot scope on my SKS bullpup. The iron sights are useless on a bullpup. If you are planning to purchase a gas tube scope ...

Hi, I've got a Winchester Model 67 in .22 and I'd like to put a scope on it. Does anyone have any recommendations for a mount and scope. I like the look of blued steel better than black plastic. From ...

Is there an easy way (i.e. no drilling/gunsmith required) to mount a basic scope to an old Stevens Model 53B

# Scope of the 5G base station solar power generation system of Sao Tome Communications

(Buckhorn)? (It's a basic single shot bolt action 22 rifle from the 1940s.) I noticed ...
