The system includes our proprietary control technology, highly efficient generator power and energy storage in lithium ion or Gel/AGM batteries with options for links to renewable power sources.

These days, it's easy to build modular systems that can work independently or together to provide more power. When creating the Solar-Gen range we ...

Siemens: Provides scalable containerized solar power units suited for industrial applications. Schneider Electric: Focuses on modular, plug-and-play container systems with robust ...

We can supply and install a complete, turnkey renewable energy system to any converted container. It can include solar panels for ...

Solatainer<sup>®</sup>; uses integrated renewable power and storage, alongside a diesel-power back-up, to reduce fuel consumption, emissions, carbon footprint, and energy costs.

A deployable off-grid power system - ground-mount solar plus a battery energy storage system (BESS) packaged in a trailer or welfare cabin - lets UK construction projects break free of ...

Tide Power Solar Power Container is a highly integrated, plug-and-play mobile green energy solution. Built within a standard container, it innovatively combines a foldable PV array, a high-efficiency ...

The Solar Gen range is assembled in the UK by EDC Limited, specialists in off-grid power systems for over 25 years. The power components fitted to the Solar Gen ...

We have a range of modular off grid container, (or other) based power supplies. The beauty of our systems is they are completely expandible in terms of PV Panels, Inverter Kw output/phases and ...
