Windhoek exempts bifacial solar modules

Solar City Proprietary Limited, headquartered at 22 Palladium Street, Prosperita, Windhoek, Namibia, is an emerging player in the renewable energy sector. Specializing in solar energy solutions, Solar City ...

Bifacial modules are one of the most popular topics in the field of PV module advancements. It is a simple step away from the traditional reflective backsheet ...

No less that 47 358 solar panels are mounted on single access tracks, and the bifacial modules are even able to generate electricity in the shade, while tracking the sun through the sky. ...

We"ve supplied 2 x 16KW Deye Hybrid Inverters, 56 x 550W Jinko Bifacial Solar Panels, and 5 x 5.3KWH Deye LV Batteries for a fantastic ...

One of the outcomes of this policy is the ongoing 25MW Solar PV project, which is being implemented under the Public-Private-Partnership Act No.4 of 2017. The 25MW Solar PV project has ...

Pupkewitz Megatech opened the first Renewable Energy branch in Windhoek in March 2020 and is was officially opened by the Deputy Director of Energy at the Ministry of Mines and Energy, Mr. Daniel ...

The administration has decided to exempt two-sided solar panels from the extension of the duties and to also double the allowable import quota ...

Minor adjustments to cell processing steps have resulted in bifacial solar cells with rear side efficiencies from >60% to over 90% of the front side efficiency.

HOPSOL Africa is a technology leader for on- and off-grid solar power plants, fuel save controllers as well as solar diesel hybrid systems at utility scale (e.g. mining solutions). We are ...

Windhoek exempts bifacial solar modules

There are two types of PV technologies in the market: traditional monofacial solar cells, which capture light on their front side, and emergent bifacial solar cells, which capture light on both their rear and ...
